RE: North Melbourne Grammar College (VCE) School Closure – 2021

Dear Student/Guardian,

Due to the unforeseen impacts of the coronavirus pandemic, we regret to inform you that North Melbourne Grammar College will not be taking enrolments nor offering classes to VCE students in 2021. The Federal Government continues to enforce international border closures, hence we cannot guarantee the facilitation of new and current students in 2021.

You can remain confident that your VCE studies in 2020 will be honoured, as your VCE certificate will be issued for all studies you have partaken in 2020. Your record of results will be uploaded into the Victorian Curriculum and Assessment Authority's system (VASS), which is the central administrative system for VCE in Victoria, by the end of December 2020. Similarly, your certificate will be available by mid-January. Rest assured, all of your previous study history will be available to your new school provider and you should have a smooth transition where documentation is concerned.

Please note, our staff are happy to assist you in finding another VCE school provider for your continued studies in 2021. Feel welcome to contact our Student Welfare Officer, Mia Li (marketing@nmgc.edu.au) or our school Principal, Paolo Familiari (paolo.familiari@nmgc.edu.au) for advice and support.

On behalf of higher management, we thank you for your studious participation in 2020; in light of what has been a difficult year for us all.

Kind regards,

Paolo Familiari
Principal
